Dear Coop Community,

We are now opening up our doors for new members for the 2011-2012 year, with contracts starting this January, and also next August. If you know someone who you think is interested in living in a housing cooperative, here is what to do:

Send any questions and queries to [bloomingtoncoop@gmail.com](mailto:bloomingtoncoop@gmail.com)

When you are sure that you want to apply, go to

<http://bloomingtoncoop.org> and get our membership application, and send it in to the same address.

Our monthly dues are about \$525 every month, including rent, all utilities (incl. internet), and all of your food (incl. nightly meals). We also ask for a commitment of about 5 hours a week of your house job. We focus our buying on local and sustainably-produced food and goods. There will be a small handful of openings for the Spring, and a bunch of openings next Fall.

Cooperatively yours,  
nina
