# Fusion of Two Models

## Human Centered Design

## Structured Scenario Building

# Key Questions

**Structured Scenario Building Question:**

**What Will ICC Be (Have) In 10 Years?**

**Human Centered Design:**

**What's needed to create an ICC for the 21<sup>st</sup> Century?**

# Beginning Framework

- Used workshops as a tool to brainstorm answers to framework questions
- Identify community's needs and wants
- Create buy-in from membership

# Workshops 1-3

## Key Insights/Themes/Scenario Building

- Identified personal aspirations, aligned with hopes for ICC's future
- Defined criteria, qualities, characteristics for ICC's planning system
- Identified macro-factors (drivers of change) that had an impact on ICC (Memory Video)
- Created factor statements (trends/conditions that shape the future)
- Identified Value Propositions by decade

# Workshops 1-3

## Key Insights/Themes/Scenario Building

- Discussed evolution of ICC's brand and the brand's current impact
- Identified factors that will impact ICC's future (most certain/most impact) -- using STEEP Method (Social / Technological / Economic / Education / Political)
- Created Scenarios
- Developed a draft Value Proposition
- Identified key organizational areas
- Shared examples of strategic goals

**ICC Planning Workshop – Day Three**  
**Critical Factors Impacting ICC Future (Three or more dots)**

<b>Impact Statements</b>	<b>Green Dots</b>	<b>Red Dots</b>
Technology encouraging little connectedness	5	1
Technology makes information more readily available	2	2
Technology needs/requires constant attention	1	2
Tech shifts members focus/interaction which impacts house culture		5
Conflicts become drawn out and passive aggressive (email)	2	3
Shift in skill sets	2	4
Socio-economic shifts in UM students	5	4
Existing knowledge & experience of incoming coopers has shifted away from life skills to social/technological skills	4	3
Demographics/size of college enrollment shapes the pool of possible co-ops	8	5
Time demands of college compete with ICC involvement	4	6
Expenses/economy/debt	3	4
Increasing inequality creates hostility between classes		4
Minority, LGBT rights becoming mainstream beliefs		3
Socio-economic inequality is being increasingly apparent in housing [markets]	8	5
There is a left-centric majority in our organization	2	3
Internal co-op political factions can cause discord in all areas of our organization		3
Changes in housing codes require the ICC to do more maintenance	7	8
Neighborhood opposition to large groups of students living together causes restricted zoning for group housing	6	3
Historic districts place restrictions on maintaining houses	2	1

What are the implications for developing an engaged ICC membership?

What are the fiscal implications?

What are the implications on ICC's brand?

# **Workshop 4:**
